The Recent Departures for Liberia.

Among the passengers in the ship *Golconda*, from Charleston, S. C., for Liberia, were Rev. Ralph R. Gurley and his son, McDonald. Dr. Gurley has been connected with the American Colonization Society for many years, and is at present an Honorary Secretary. His health has been failing of late years, and that of his son is quite delicate. In the hopes of improving their health they make this voyage, and Dr. Gurley, if able to do so, proposes to look after the interests of the Society while absent. They expect to return in about five months. The *Golconda* (which makes two trips per year under the auspices of the Society) takes out on this trip 312 emigrants, one family of whom are from Pennsylvania, and the remainder from Tennessee, Georgia and South Carolina. There are 650 applications for passage next spring, but the Society have not yet means to send that number; however, efforts will be made to accommodate them. Of those who left Georgia, the *Columbus* says;

"Some three hundred and fifty negroes left yesterday, on a special train of eight box-cars. We are informed that nineteen of them are from one plantation. A large number of freedmen assembled at the depot to see them. A few very foolish ones who think that two drums, one five and a United States flag, are indispensable to everything, be it a funeral or a ball, provided with these implements proceeded to the place of departure and rubbed themselves considerably. There was a good deal of praying, talking and crying among squads of the emigrants and their friends, but no general performance occurred. These freedmen go out under the auspices of the American Colonization Society. The Government pays the expense of transportation. Considerable baggage was carried. Over half of those who left were women and adults."

The Oldest Odd Fellow in the United States still living.

No 61 CLINTON PLACE, NEW YORK, }
November 25th, 1867
To the Editor of the *New York Express*:—I notice in the *Evening Express* of last Friday an article taken from the *Columbus* (Miss.) *Index*, announcing the death of Rev. Thomas Wostenholms, at the age of 73, and stating that he was the oldest Odd Fellow in America at the time of his death, having belonged to the Order fifty years. I beg leave to state that the oldest living Odd Fellow in the United States is Past Grand Brother Benjamin Downing, of Newport, Rhode Island, and at present residing in this city, hale and hearty, at the age of 83, who has belonged to the Order 60 years—he having joined the Duke of York's Lodge, No. 1, at Harwich, England, in 1807—and is the only living member of the formation of the first Grand Lodge of the State of New York, and the only surviving member of the Institution of Columbia Lodge No. 1, of this city. Bro. Downing was born in Stamford, Conn., the 10th day of March, 1784, and following the sea in his younger days, found himself in England during the long embargo, where he joined the lodge as above stated.

Respectfully yours, J. W. D.

Phrenology in the Montreal Post Office

A CURIOUS STORY.

(From the Montreal Telegraph, December 12th.)

The Post Office is not a place that would be suspected as a source of fun, far less as the field for the acting of a serio-comic drama. It appears that phrenological qualification is now necessary to retain a position in that office. For some time past the Postmaster was not satisfied that all was right, and being a firm believer in the development of certain bumps, the significance of which is explained by a class of men distinguished as phrenologists, he had the heads of the clerks of the establishment examined, and the result was most unsatisfactory in the case of three of those employed in the office. The moral and intellectual bumps were found deficient, so much so that it was impossible to retain these gentlemen any longer as public servants. The interests of the public must all times be protected, and it will be a delightful satisfaction that a science so much abused by some, can be applied with such conclusive results. It is not known whether the same experiment will be made in the other branches of the public service.

Heywood's New Sugar-Cured Hams and Breakfast Bacon.

HEYWOOD'S PORK SAUSAGE.

ELIXIR OF LIFE—Mr Heywood, of the Yorkville Market, has commenced for the season to make his celebrated Pork Sausage, manufactured from the very best of Island fed Pork—clean and pure as the snow that fell on Diana's lap—Oh, get out! Everybody buys them, because they are good. Now mind, be sure and make no mistake; it is in the fire-proof Brick Store, next door to the Old Original Coffee Stand.

HOLLOWAY'S OINTMENT AND PILLS—Instant Relief.—Sores which are daily extending, ulcers which are hourly deepening may be arrested in their torturing progress, and induced to assume a healthy action by applying this healing Ointment and taking these purifying Pills. It soothes all distempers of, and extracts all morbid humours from, the skin. Old ulcers of the legs, inflammations caused by varicose veins, and cramps of the lower limbs can sensibly be eased and shortly cured by Holloway's never-failing Ointment which represses excessive, and stimulates sluggish vascular and nervous action. In constitutions breaking down under piles, fistulas, and other similarly painful maladies a few applications of this cooling Ointment will give comfort, and persistence in its use will effect a cure.

Fever and Ague, Chills and Fever, and every other form of intermittent or remittent fever, are speedily controlled, relieved, and cured by the use of Bristol's Sugar-coated Pills and Bristol's Sarsaparilla. These two remedies act directly upon the stomach, liver, blood and humors, and if patients will only follow the directions printed on the label and wrapper, a quick recovery to health will be their reward.

EVERLASTING PERFUME!

MURRAY & LANMAN'S FLORIDA WATER has often been styled the "Everlasting Perfume." It is indeed true that its delightful and refreshing fragrance lingers for many days around whatever it touches—unlike the ordinary perfumes, that leave no trace of their momentary existence save the sickly, heavy odor of rancid oils.

As there are worthless counterfeits of this delicious perfume, buyers should always ask for Florida Water prepared by Lanman & Kemp, New York.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these two purifying Pills, which strengthen the system by thoroughly clearing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. It is pre-eminently a remedy for biliousness and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's available Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of the "Purifying Pills" will never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertigo, dimness of sight and other indications of approaching apoplexy, are thereby dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly assurances. It will correct all functional derangements to which they are subject.

Scurful and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the blood, which they purify, the Ointment penetrates through the pores of the skin, and cleanses every structure, as water saturates oil, or salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

Coughs, Colds and Asthma.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously rubbed into the chest and throat eight and ten times.

Indigestion—Billions Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by indigestion and neglect, they often end most seriously. Give careful thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scurful King's

Medical.

French Medicines,

GRIMAULT & CO.

PREPARED BY

Chemists to H.I.P. Prince Napoleon,

PARIS.

Three different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorized by the Government. This fact must be a guarantee for the excellence of Messrs. Grimault et Co.'s Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atrophy, and Loss of Appetite. It regenerates the constitution in purifying the blood, it being the most powerful depurative known. It has also been applied with happy results in Diseases of the Skin. Further,
